PT Connect Design

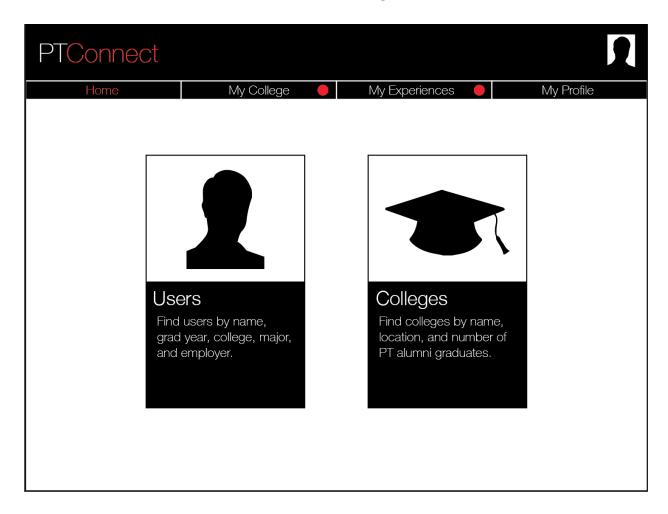

April 2014

Intro Page

- Page that opens when you visit our site's URL
- Users with account can login with form at top of page
 - "Incorrect Password" dialog shows in red font below two input fields
 - After 3rd failed attempt, the user is informed that an email was sent with their recovered password
- Left div is for parents, prospective students, and other interested visitors
 - Allows them to continue as guest and view information (note that emails will not be displayed to these users)
- Right div is for past and current PTCS students
 - Allows them to create an account
 - All fields are required
 - If a required field is left blank or passwords do not match, red error text is shown below the "PT Grad Year" dropdown and next to the create button
- Each button ("login, "continue as quest", "create") will lead to the **Menu/Home Page** (3)

Menu/Home Page

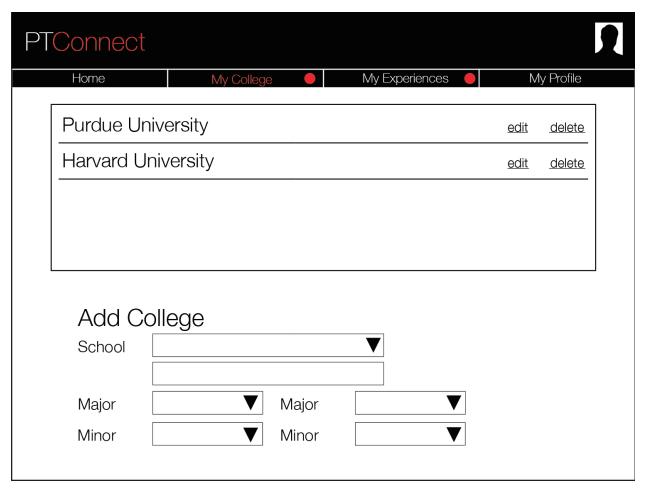

- This is the page a user sees after Intro page (i.e. after choosing to view anonymously, login, or create account)
- Tabs at top deal with "Account Information" pages, allows users to switch between "Home" (3), "My College" (4), "My Experiences" (5), and "My Profile" (6) (Users viewing anonymously will not see these tabs)
 - Red dots will be shown if no college or experience information have been added, disappear when one or more have been added
- Profile picture at top right turns to a red "X" when hovered over, allowing a user to log out and bringing them back to the Intro page
- Two main divs deal with "Main Data" pages
 - Left "Users" div brings up user profiles page
 - Right "Colleges" div brings up college profiles page

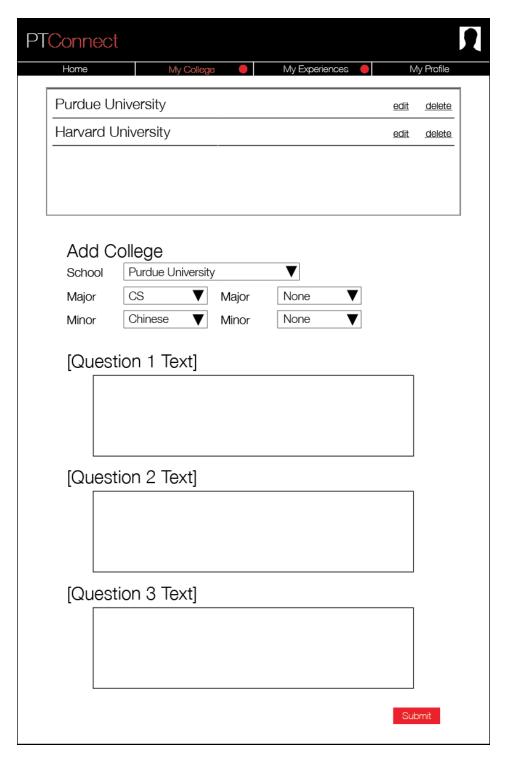

Account Information

(top tabs)

My College Page

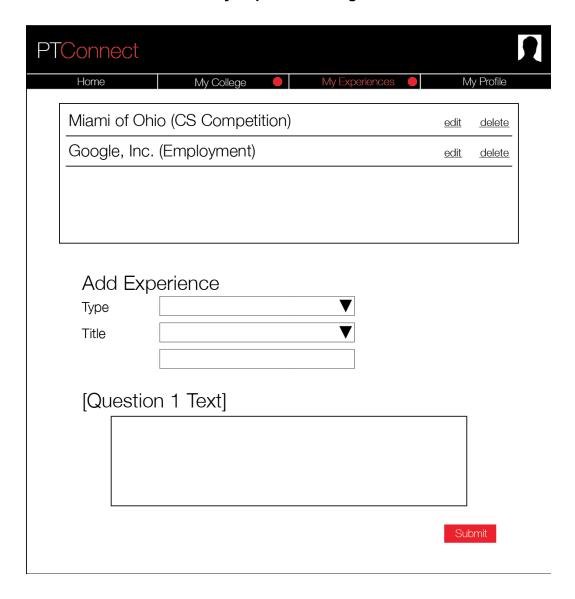

(zoomed, pre data input)

(full page, post data input)

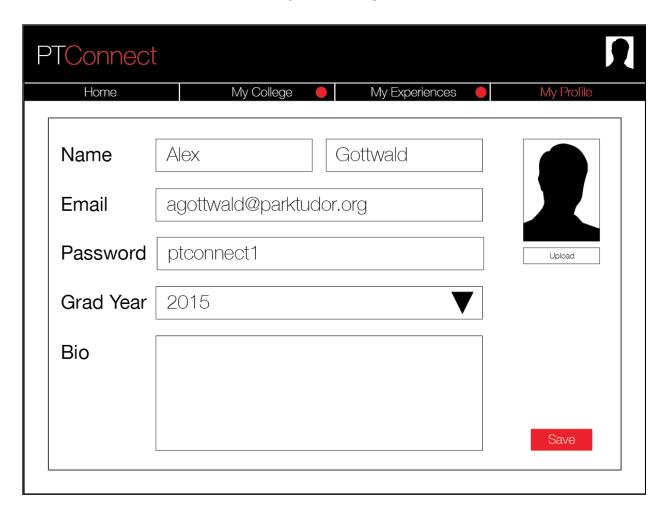

- Page displayed when a user selects "My College" from the top tab bar
- Allows for the adding, editing, and deleting of colleges from a user's profile
- A user adds a college by selecting it from a pre-populated dropdown
 - o If the college they wish to add is not listed, they select "other" from the dropdown
 - By selecting "other," a textbox appears under the drop down (as shown above) allowing them to input their own text (this college is then added to the drop down)
- A user adds majors and minors just as they would a college from a pre-populated dropdown
 - If their intended major is not listed, they are prompted with a textbox to add their own major or minor (this major or minor is then added to the drop down)
- Three textboxes with prompted questions appear below the basic add form, along with a submit button
 - A user then writes text (unlimited characters) answering the optional questions and presses submit when finished
- If a user chooses to "Edit" a college, all information is shown in the form, followed by their current responses to the three questions as if they were adding the college
 - The user can then edit all fields and re-submit their entry
- Deleting a college prompts a pop-up asking "are you sure?". It then removes the college from their current colleges, and removes their reviews too
- College data is added to the users profile, and used to filter users in the "Query Page"

My Experiences Page

- Page displayed when a user selects "My Experiences" from the top tab bar
- Experience data displays on the users profile
- Allows for the adding, editing, and deleting of experiences
- A user adds an experience by first selecting it's type from a pre-populated dropdown (includes CS Competition, Employer, Internship, etc.)
 - If a type is not listed, a user is able to select "other" but not given the option of titling a category
- After selecting a type, a user then selects a title from the pre-populated dropdown
 - Similar to the "My College" add form, a user can add to this drop down by selecting "other," bringing up a text box (as shown)
 - This new title then gets added to the drop down
- A description/question text box and submit button are displayed under the form, similar to the "My Colleges" questions
- If the user chooses to "edit" an experience, all information is shown in the form followed by their description of the
 experience in a text box
- When deleting an experience, a pop-up appears to verify that the delete button was pressed deliberately

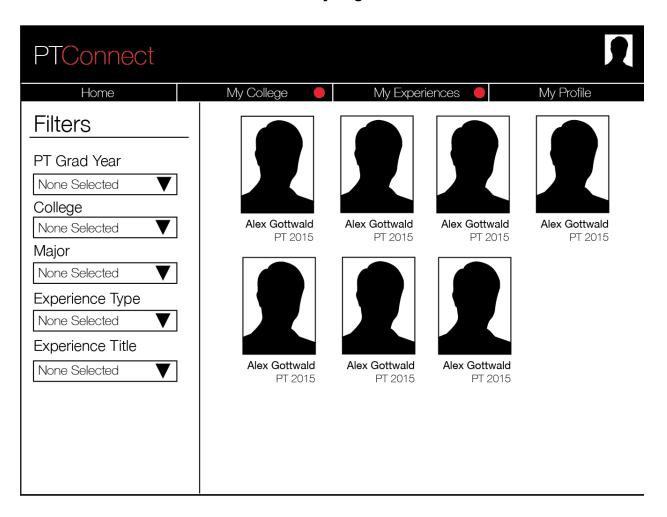

My Profile Page

- Page displayed when a user selects "My Profile" from the top tab bar
- Allows a user to update their basic profile information including: First Name, Last Name, Email, Password, Grad Year, Bio, and Profile Picture
- All information is displayed in a text box and editable
- Clicking "Save" makes the changes official and displays red text below the button saying, "Changes saved successfully."

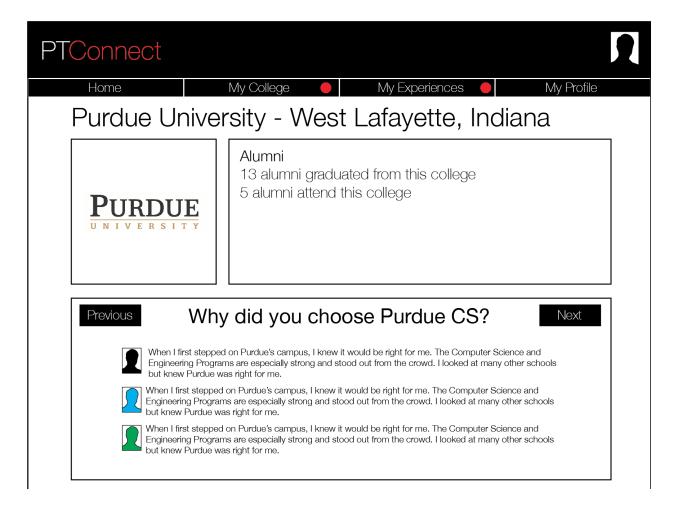

Main Data Pages

Query Page

- Page displayed when a user chooses to search for "users" from the main menu
- Lists all user names and PT grad years below their profile pictures in alphabetical order
- Allows for the filtering of users from left dropdowns: PT Grad Year, College, Major, Experience Type, and Experience Title
- A similar page appears when searching for colleges
 - Instead of a user's profile picture, the college logo will be displayed
 - o Instead of the PT grad year, the location will be displayed (City, State)
 - The filters will change
 - Location (States)
 - Number Graduated
 - Number Attending

College Profile Page

- Page displayed when a user selects a college's name or profile picture from the Query Page (9)
- Displays name and location of the college
- Displays a single image logo for the college (its official logo, not an athletic logo)
- Displays the number of alumni who have graduated from the college and the number currently attending
- Displays all the user responses (no matter how long the list) from one of the three questions sorted by date (most recent answer at top)
- "Previous" and "Next" buttons scroll through different questions and responses

User Profile Page

- Page displayed when a user selects another user's profile picture or name from either the Query Page (9), or in the question section of the College Profile Page (10)
- Displays profile picture above name, PT grad year, and email
- Displays a bio that has been entered by the user or, if no bio exists, displays the following text in italics: "This user has not yet written a bio"
- Below the bio and profile information, the user's colleges are listed
- Below the user's colleges, the user's experiences are listed
- Sets of clickable double arrows appear next to all colleges and experiences, and when clicked, display the user's description of the experience/college
